for the referred book. And your time to get this guide since among the compromises has become ready. The Bones of the Earth. He suspected the blame lay with his exceptional sensitivity to violence, death, and loss. Previously it manifested as an explosive emptying of the stomach, this time as a purging of lower realms. Too late for interrogation now, with Vanadium bludgeoned into eternal sleep and resting under many fathoms of cold bedding. He opened the solid doors on the bottom of the breakfront, did not find what he was looking for, checked in the sideboard next, and there it was, a small liquor supply. Scotch, gin, vodka. He selected a full bottle of vodka. "It isn't that, Daddy. You remember, when we were all together the day before yesterday, how afraid Phimie was of this man. Not just for herself ... for the baby." She strove to appear calm, and she must have succeeded, because neither woman seemed to realize that she was scared almost to the point of paralysis. She moved woodenly, joints stiff, muscles tense. When Junior complained of severe thirst, Victoria explained that he was to have nothing by mouth until morning. He would be put on a liquid diet for breakfast and lunch. Soft foods might be allowable by dinnertime tomorrow. "Yellow, yellow, yellow, yellow," Angel said with satisfaction as she examined herself in the mirrored closet door. After a surgeon had lanced fifty-four boils and cut the cores from the thirty-one most intractable (shaving the patient's head to get at the twelve that were festering on his scalp), and after three days of hospitalization to guard against staphylococcus infection, and after he had been turned back into the world as bald as Daddy Warbucks and with the promise of permanent scarring, Junior visited the Reno library to catch up with current events. During the past few hours, he had changed his life again, as dramatically as he had changed it on that fire tower almost three years ago. He couldn't easily refuse the assignment. Later that year, President Lyndon Johnson, with strong backing from both the Democratic and the Republican Parties, was expected to sign the Civil Rights Act of 1964, and currently it was dangerous for clearheaded believers in the primacy of self to express their healthy instincts, which might be mistakenly perceived as racial prejudice. He could be fired. The glimmering bay and the shimmering amber candlelight provided the perfect atmosphere for the song that arose now from the piano in the bar. Music played within. An up-tempo number. Possibly swing. He couldn't quite identify the tune. Through the cacophony of shattering glass, splintering wood, and cracking plaster, Paul heard the hard roar of an engine, the blare of a horn, and suspected what must have happened. Some drunk or reckless driver had crashed at high speed into the parsonage. Junior intended to pack only a single bag, leaving most of his clothes behind. He could afford a fine new wardrobe. "I'm not saying there's anything wrong with it, you understand," Neddy whispered with a sort of fierce conciliation, "but I'm not gay, and I'm not interested in teaching you the piano or anything else. Besides, after the stories Renee told about you, I can't imagine why you think any friend of his ... hers would get near you. You need help. Renee is what she is, but she's not a bad person, she's generous and she's sweet. She doesn't deserve to be beaten, abused, and ... and all those horrible things you did. Excuse me." Along the hall to his room. Fast and low through the doorframe. Wary of the closet door standing two inches ajar. Tom was an Oregon State Police detective, as far as Celestina knew, and she didn't understand what he was doing here. Breath repeatedly catching in her throat, heart thudding, Agnes watched her son through the open car door. This momentous day, he thought, and he shook with sudden terror at the inevitability of new beginnings. After a long time the door opened and several men came in. He could do nothing against them as they gagged him and bound his arms behind him. "Now you won't weave charms nor speak spells, young'un," said a broad, strong man with a furrowed face, "but you can nod your head well enough, right? They sent you here as a dowser. If you're a good dowser you'll feed well and sleep easy. Cinnabar, that's what you're to nod for. The King's wizard says it's still here somewhere about these old mines. And he wants it. So it's best for us that we find it. Now I'll walk you out. It's like I'm the water finder and you're my wand, see? You lead on. And if you want to go this way or that way you dip your head, so. And when you know there's ore underfoot, you stamp on the place, so. Now that's the bargain, right? And if you play fair I will." Library of Congress Cataloging-in-Publication Data Le Guin, Ursula K., 1929-. He phoned her before leaving, to be sure she was home. She didn't work weekend shifts at the hospital; but maybe she would have gone out on this night off. When she answered, he recognized her seductive voice and devilishly muttered, "Wrong number." On a morning in July, Junior was visiting the public library, poring through the stacks in search of exotic volumes on the occult, when the phantom voice rose nearby. Here, the singing sounded softer than in his apartment, little more than a murmur, and also threadier. Laying the gun on the newspaper, he dropped into the chair. He picked up his coffee. The search of the house had been conducted with such urgency that the java was still pleasantly hot. The stress that he currently felt wasn't the same that he so often relieved with women. This was an energizing tension, a not-unpleasant tightening of the nerves, a delicious anticipation that he wanted to experience to its fullest-until the gallery reception for Celestina, on the evening that her show opened, January 12. This tension could not be released by intercourse, but only by the killing of Bartholomew, and when that long-sought moment arrived, Junior expected the relief he experienced would far exceed mere orgasm. This unflinching consistency of packaging enables card mechanics, professional gamblers, sleight-of-hand magicians-to manipulate a new deck with confidence that they know, starting, where every card can be found in the stack. An expert mechanic with practiced and dexterous hands can appear to shuffle so thoroughly that even the most suspicious observer will be satisfied-yet he will still know exactly where every card is located in the deck. With masterly manipulation, he can place the cards in the order that he wishes, to achieve whatever effect he desires. With the same surprising ease that she had gotten a plane out of San Francisco on a one-hour notice, Celestina booked two return seats on an early-evening flight from Oregon, as though she had a supernatural travel agent. Magusson's idea of a laugh. "And they didn't even bother to post a warning. In fact, that sign was still up, inviting hikers to enjoy the view from the observation deck." Besides, even before he had fully turned on his charm, before he had shown her that a ride on the Junior Cain love machine would make other men seem forever inadequate, Renee was so hot for him that it might have been wise to open a bottle of champagne to douse her when spontaneous combustion destroyed her Chanel suit. The formless apprehension with which she had awakened at 1:50, Tuesday morning, had returned to her from time to time during the past couple days. Now, here it came again, pinching her throat and tightening her chest-at last beginning to take form. She was shaking and so afraid, not thinking clearly, and for a moment she didn't understand what he meant, what he wanted, and then she saw that the window on his side of the car was shattered, too, and that the door beyond him was badly torqued, twisted in its frame. Worse, the side of the Pontiac had burst inward when the pickup plowed into them. With a steel snarl and sheet-metal teeth, it had bitten into Joey, bitten deep, a mechanical shark swimming out of the wet day, shattering ribs, seeking his warm heart. "I can't sleep half the time," Deed said, twisting the baseball cap in his hands. "I've lost weight, and I'm so nervous, jumpy." "I haven't disturbed him," said the visitor, taking his cue from the doctor and keeping his voice low. Young boys, however, are not moved by scenery, especially not when their hearts are

adventuring on Mars..Still seeking some missing fact, some insight that would help him understand the maniac's Bartholomew obsession, Tom asked more questions until Celestina suddenly realized and revealed what might be the information that he sought: Cain's perverse insistence on playing the reverend's taped rough draft of "This Momentous Day" throughout his long assault on her sister..Outside, flames churned to the left and right of the opening. The front of the house was afire.. "Maybe I won't have to try as hard as I think, because you make it so easy, Barty." "And to the north of us," Agnes said, drawing him out, "Janey Carter went off to college last year, and she's their only child." If either of them suspected that she was lying, it was Edom. He looked puzzled, but he didn't pursue the issue..The hall was deserted. Then a woman came out of one of the offices and walked toward the gallery, without glancing at him..An elderly Negro gentleman answered the door. His hair was such a pure white that in contrast to his plum-dark skin, it appeared to glow like a nimbus around his head. With his equally radiant goatee, his kindly features, and his compelling black eyes, he seemed to have stepped out of a movie about a jazz musician who, having died, was on earth once more as someone's angelic guardian.. "Anyway, something clicked in me on the roller coaster, and I grasped a new angle of approach to the problem. I've figured out that I can walk in the idea of sight, sort of sharing the vision of another me, in another reality, without actually going there." He smiled into her astonishment. "So what do you say about that?" "Be quiet, sugarpie," she said, crossing the bedroom to the door, which stood only slightly ajar..Finally he began: Greetings on this momentous day. I'm writing to you about an exceptional woman, Agnes Lampion, whose life you have touched without knowing, and whose story may interest you..Instead, he encountered an elderly woman getting out of a red Pontiac with a fox tail tied to the radio antenna. A quick glance around confirmed that they were unobserved, so he clubbed her on the back of the head with the butt of his 9-mm pistol..Throughout this procedure, Barty appeared solemn and thoughtful. When he had squeezed the tenth toe, he stared at it, brow furrowed..Everything was proceeding precisely as Junior had envisioned in the instant when Naomi had first discovered the rotten section of railing and had nearly fallen without assistance. The entire plan had come to him, wholly formed, in a blink, and during the following two circuits of the observation deck, he had mulled it over, seeking flaws but finding none..Thanks to his intelligence and his personality, Barty's presence was so great for his age that Agnes tended to think of him as being physically larger and stronger than he actually was. As the scent of grass grew more complex and even more appealing, she saw her son more clearly than she'd seen him in a while: quite small, fatherless yet brave, burdened with a gift that was a blessing but that also made a normal boyhood impossible, forced to grow up at a up faster pace than any child should be required to endure. Barty was achingly delicate, so vulnerable that when Agnes looked at him, she felt a little of the awful sense of helplessness that burdened Edom and Jacob.. "Tom, Wally, I'm sorry for the brusque introductions," Agnes Lampion apologized. "We'll have plenty of getting-to-know-each other time over dinner. But the people in this room have been waiting an entire week to hear from you, Tom. We can't wait a moment longer." "I believe the universe is sort of like an unimaginably vast musical with an infinite number of strings." He might have felt properly foolish if he had not suffered so much personal experience of Enoch Cain. This was a false alarm, but considering the nature of the enemy, it wasn't a bad idea to put himself through a drill from time to time..On this occasion, however, he couldn't have focused on a book even if he'd had the strength to hold it. The fierce paroxysms that clenched his guts also destroyed his ability to concentrate..These past ten days had been the most difficult of her life, harder even than those following Joey's death. Back then, although she had lost a husband and a gentle lover and her best friend all at once, she'd had her undiminished faith, as well as her newborn son and all the promise of his future. She still had her precious boy, even though his future was to some extent blighted, and her faith remained with her, too, though diminished and offering less solace than before.. "From time to time now, you're going to be written about," Helen warned. "Be prepared for a peevish critic or two, furious about your optimism." "Nevertheless, even if Muffin assaulted you, she's otherwise such a sweet little thing. What would Maria think of you if you told her you'd smashed poor Muffin with a shovel?" CELESTINA RETURNED TO Room 724 to collect Phimie's belongings from the tiny closet and from the nightstand..Having booked the suite for three nights, Tom expected that he would spend far fewer late hours in his bed than sitting watch in the shared living room.. "--and we're from different worlds, which I respect. I respect you and your wonderful family ... your centeredness, your certainty. I want to do this only because it's what I owe you." Some information she'd withheld from him: that the cancer might already have spread, that he might still die even after his eyes were removed-and that if it hadn't yet spread, it might soon do so..Holding hands, Barty and Angel led the adults into the kitchen, to the back door. This procession had a ceremonial quality that intrigued Tom, and by the time they stepped onto the porch, he was impatient to know why everyone-except he and Wally-was emotionally airborne, one degree of altitude below euphoria..So that my mind could move about among the years and centuries without getting things all out of order, and to keep contradictions and discrepancies at a minimum while I was writing these stories, I became (somewhat) more systematic and methodical, and put my knowledge of the peoples and their history together into "A Description of Earthsea." Its function is like that of the first big map I drew of all the Archipelago and the Reaches, when I began to work on A Wizard of Earthsea over thirty years ago: I needed to know where things are, and how to get from here to there-in time as well as in space..Almost as an afterthought, as he was leaving, he tucked the brochure for "This Momentous Day" into a jacket pocket. There would be amusement value in hearing a group of cutting-edge young artists analyze Celestina's greeting-card images. Besides, as the Academy of Art College was the premier school of its type on the West Coast, a few of the partygoers might actually know her and be able to give him some valuable background. The party raged in a cavernous loft on the third-and top-floor of a converted industrial building, the communal residence and studio of a group of artists who believed that art, sex, and politics were the three hammers of violent revolution, or something like that..This Monday afternoon, he longed for the escape and solace of half-hour pulp adventure. But he decided that he ought to at last compose the letter he'd been meaning to write for at least ten days..II. Otter.More walls than not, in both rooms, were lined with bookshelves and file cabinets. Here he kept numerous case studies of accidents, man-made disasters, serial killers, spree killers: proof undeniable that humanity was a fallen species engaged in both the unintentional and calculated destruction of itself..Continuing to avert his eyes from the battered face and the two tone eyelids, Junior found the keys in an exterior pocket of the sports jacket. The credentials were tucked in an interior pocket: a single-fold leather holder containing the shiny badge and a photo ID..Friday, January 14, eight days after Joey's death, Agnes closed the sofa bed, intending to sleep upstairs from now on. And for the first time, since coming home, she cooked dinner without resort to friends'. This was tedious work and might cot bear fruit. He needed to begin somewhere, however, and the telephone directory was the most logical starting point..Junior must have shouted shut up more than he realized, because the neighbors began to pound on the wall to silence him..Taking her mother's

advice to heart, Celestina sighed. "All right. Let's just pray they catch him. But if they don't ... two weeks, and then the rest of the plan, the way you said, Tom. Except that I can't tolerate two weeks-in a hotel, cooped up, afraid to go into the streets, no sun, no fresh air." Suddenly and seriously crept out, Junior wanted to get away from this nut case. Yet he was frozen by morbid fascination..Obadiah tossed the pack of cards to Edom, startling him. "Son, you'll have to help me. My fingers have no finesse anymore." At the end, with the salt Tom and the pepper Tom standing side by side in their different but parallel worlds, Maria said, "Seems like science fiction." "Don't get me started on cyclones!" Edom hurried through the house and out to the station wagon, to fetch the boxes of groceries. "Please just call me Tom. I've been forcibly retired from the Oregon State Police, with full disability because of this face, so I'm not officially a detective anymore. Yet until Enoch Cain is behind bars, where he belongs, I'm not ready to be anything but a cop, official or not." Frowning at him, she said, "You don't mind them around, do you, Joey? They're eccentric, but I love them very much..Having been a volunteer instructor of English to twenty adult students over the years, having taught Maria Elena Gonzalez to speak impeccable English without a significant accent, Agnes was little needed as a teacher by her son. Even more than other children, he asked why with numbing regularity, why this and why that, but never the same question twice; and as often as not, he already knew the answer that he sought from her and was only confirming the accuracy of his deduction. He was such an effective autodidact, he schooled himself better than any college of professors that could have been assigned to him..Yet, uncaught, the quarter would have dropped to the floor. Junior would have heard it ring off the tiles. Which he hadn't..She realized she hadn't turned on the radio. Before she could reach for the switch, she was asleep..Celestina had no illusions about playing detective. She would never be able to track down the bastard, and she had no stomach for confronting him..She didn't reach into your thoughts and pluck out the name Rowena. Or Beezil or Feezil.'.On Thursday, January 4, he used his John Pinchbeck identity to purchase a new Ford van with a cashier's check. He leased a private garage space in the Pinchbeck name, near the Presidio, and stored the van there..NED--"CALL ME NEDDY"--Gnathic was as slim as a flute, with a flute-quantity of holes in his head from which thought could escape before the pressure of it built into an unpleasant music within I his skull. His voice was always soft and harmonious, but frequently he spoke allegro, sometimes even prestissimo, and in spite of his mellow tone, Neddy at maximum tempo was as irritating to the ear as bagpipes bleating out Bolero, if such a thing were possible..He first eased from aisle to aisle, but soon moved more quickly, convinced that the singer would be found beyond the next turn, and then the next. Was that her trailing shadow he had glimpsed, slipping around the corner ahead of him? Her womanly scent lingering in the air after her passage?.Through fog-shrouded hills forested with oaks, maples, madrones, and pepperwoods, through magnificent stands of redwoods that towered three hundred feet, he arrived in Weott on the evening of January 3, 1968, where he stayed the night. If Paul had any northernmost goal for this trip, it was the city of Eureka, almost fifty miles farther-and for no reason, other than to eat Humboldt Bay crabs at their origin, because that was one of his and Perri's favorite foods..To the alleyway again. Not through the clodhopper-cluttered gallery this time. Around the block at a brisk walk..Ten months later, Simon called again, also regarding Cain, but this time the attorney was the client, and Cain was the target. What Simon wanted Nolly to do was strange, to say the least, and it could be construed as harassment, but none of it was exactly illegal. And for two years, beginning with the quarter in the cheeseburger, ending with the coin-spitting machines, all of it had been great fun.
