The muscles of his legs grew as hard as any of the landscapes that he trod. Granite thighs; calves like marble, roped with veins..A sudden cold breeze blew down out of the moon, bearing a faint alien scent, and the black boughs of the trees billowed and rustled like witches' skirts..Great hobnailed wheels of pain turned through Agnes, driving her into darkness for a moment..Action. just concentrate on action and ignore the disgusting aftermath. Remember the runaway train and the bus full of nuns stuck on the tracks. Stay with the train, don't go back to look at the smashed nuns, just keep moving forward, and everything will be all right..He knew what she made of it, all right, and he could see that the others on the porch knew as well, and likewise he could see that all of them wanted to hear him confirm the conclusion at which Agnes had arrived long before he'd come here with Wally this evening. Even in the dining room, before the proof in the rain, Tom had recognized the special bond between the blind boy and this buoyant little girl. In fact, he couldn't have arrived at any conclusion different from the one Agnes reached, because like her, he believed that the events of every day revealed mysterious design if you were willing to see it, that every fife had profound purpose..or the barber. Never was he afraid to fall asleep, and having fallen asleep, he appeared to have only pleasant dreams..Kathleen savored her martini. "Mmmm ... as cold as a hit man's heart and as crisp as a hundred-dollar bill from the devil's wallet.".The rich aromas on the air would have thwarted the will of the most devout monks on a fast of penitence..Otter said nothing.. "Anyway, something clicked in me on the roller coaster, and I grasped a new angle of approach to the problem. I've figured out that I can walk in the idea of sight, sort of sharing the vision of another me, in another reality, without actually going there." He smiled into her astonishment. "So what do you say about that?". And in time, the surgeon did appear, bearing the good news that neither of the malignancies had

spread to the orbit and optic nerve, but he had no greater miracle to report..As Barty stepped across the threshold into the upstairs hall, Miss Pixie Lee said, "You're sweet, Barty..The door was falling shut. With no more sound than the day makes when it turns to night, the detective had gone..With her brothers, she adjourned to the waiting room, where the three of them sat drinking vending-machine coffee, black, from paper cups..Junior leaned forward and slid the packet of cash across the desk, toward the detective. "There's more where this came from."..He fiddled with the cylinder until it swung open. Five chambers, a gleaming cartridge in each..If Vanadium appeared among these men, Junior would not only puke out the contents of his stomach, but also would disgorge his internal organs, every last one of them, and spew up his bones, too, until he emptied out everything within his skin.. "Because He didn't want you to be a dog." She finished tying a bow in the drawstrings. "There. You look just like an M&M."..Holding the pistol, fully extending his right arm in execution style, the gunman approached the fallen minister..He had noted all seven names on the bassinets, but he read them again. He sensed in their names-or in one of their names-the explanation for his seemingly mad perception of a looming threat..quiet pool, sweet with the fragrance of jasmine. Under the huge spreading oak. Grass oiled to a glossy green by the..The spirit of Bartholomew . . . will find you ... and mete out the terrible judgment that you deserve..The dining room again, but this time he remembered how he had gotten here: by way of the living room..Yet, uncaught, the quarter would have dropped to the floor. Junior would have heard it ring off the tiles. Which he hadn't..The two bereaved women huddled at one end of the living room, tearful, touching, talking quietly, wondering together if there was any way that each could help the other to fill this sudden, deep, and terrible hole in their lives..Returning from his tests, he'd gotten into bed without stripping off the thin, hospital-issue robe. He was still wearing it over his pajamas..The wife killer was evil; and his evil would be expressed one way or another, regardless of the forces that affected his actions. If he'd not killed Naomi on the fire tower, he would have killed her elsewhere, when another opportunity for enrichment presented itself. If Victoria hadn't become a victim, some other woman would have died instead. If Cain hadn't become obsessed with the strange conviction that someone named Bartholomew might be the death of him, he would have filled his hollow heart with an equally strange obsession that might have led him, anyway, to Celestina, but that would surely have brought violence down on someone else if not on her.. "Does my dad like Christmas?" Barty asked, sitting on the grave grass in front of the headstone.. "You feel remorse, though," said Agnes. "I can see you do. And not just because of what happened to your hands.".. "What's this?" the man asked her, as Sinatra swooped through "Come Fly with Me.".. "He was born yesterday, not today," Edom said glumly. "When the thousand-year quake hits, skyscrapers will pancake, bridges crumble, dams break. In three minutes, a million people will die between San Diego and Santa Barbara."..Amused, Wally said, "You artists do love to dramatize-or have I forgotten the San Francisco blizzard of '65?"..Uneasy nevertheless, Agnes went down the hall to her son's room and found that he had fallen asleep sitting up, while reading. She slipped The Star Beast out of the tangle of his arms, marked his place with the jacket flap, and put the book on the nightstand..He sprang to his feet, or maybe only staggered up, depending on whether his image of himself right now was pulp or real, and surveyed the scene, looking for the bandaged man. A few neighbors crossed the lawn toward Grace, and others approached along the street. But the killer was gone.. "No, the more I think about it, the more it feels like this is just kids. Some kids goofing around, that's all. I- guess Vanadium got deeper under my skin than I realized, so when this came up, I couldn't think straight about it."..The sedative was mild, but Phimie was asleep in mere minutes. She was exhausted by her long ordeal and by her recent lack of sleep..Agnes had read the last half of Red Planet to Barty just the previous night, but he brought the book with him, to read it again..Murder itself was easy, but the aftermath was more draining than he had anticipated. Although the ultimate liability settlement with the state was certain to leave him financially secure for life, the stress was so great that he wondered, in his darker moments, if the reward would prove to be worth the risk..Hisscus, Nork, and Knacker exchanged sharp glances, nonplussed. Finally, one of them said, "We couldn't do that, Mr. Cain. Not until you've consulted an attorney."..For a while, leaning forward in his chair and staring at the floor with an intensity and an expression that could not have been inspired by the insipid vinyl tiles, Tom mulled over what she'd told him. Then: "The connection is there, but it's still not entirely clear to me. So he took perverse pleasure in raping her with her father's sermon as accompaniment . . . and maybe without his realizing it, the reverend's message got deep inside his head. I wouldn't think our cowardly wife killer has the capacity for guilt ... although maybe your dad worked a sort of miracle and planted that very seed."..Apparently, he'd been drooling for a long time. Where his chin and throat were not sticky, a crust of dried saliva glazed his skin..be entombed in one of those memorial walls, well above ground level, where nothing was likely to seep into them..She told them of Phimie's request that the baby be named Angel. "At the time, I assumed she wasn't able to think clearly because of the stroke..than the crows. Tumbled on the grass, in fragments: the broken trophy for the prize rose, the symbol of his sinful..The candlestick was gone. The pedestal on which it had stood now held a Griskin bronze so devastatingly brilliant that one quick look at it would give nightmares to nuns and assassins alike..Over the following hour, as Walter Panglo guided Jacob through the planning of the funeral, Jacob recounted the gruesome details of numerous airliner crashes, shipwrecks, train collisions, coal-mine disasters, darn collapses, hotel fires, nightclub fires, pipeline and oil-well explosions, munitions--plant explosions.....But the other learning he had been given had made Otter touchy in these matters, delicate of conscience. The big galley they were building now would be rowed to war by Losen's slaves and would bring back slaves as cargo. It galled him to think of the good ship in that vicious usage. "Why can't we build fishing boats, the way we used to?" he asked, and his father said, "Because the fishermen can't pay us."..Edom removed two of the pies from the table and put them on the counter near the ovens..Junior had left the front door locked, because if unlocked, it would look as though he had wanted to facilitate their entry, and it would make them suspicious of the whole scenario..With every step through the long night walk, Paul had considered what he would say, must say, if this encounter ever took place. Now all his practiced words deserted him..Junior took one of the boxed guns, a 9-mm semiautomatic. Months would probably pass before she noticed the pistol missing from the back of her closet, and by then she wouldn't know who had taken it.".. "Your mother's wise," Paul said. "More than all the owls in the world," the boy agreed..From late morning until dinner, people arrived and departed, raised toasts to a merry Christmas and to peace on earth, to health and to happiness, reminisced about Christmases past, marveled about the first heart transplant performed this very month in South Africa, and prayed that the soldiers in Vietnam would come home soon and that Bright Beach would lose no precious sons in those far jungles..Averting his eyes from Vanadium's face, Junior moved farther up the stocky body. He folded back the tweed sports jacket to reveal a shoulder holster..Junior's fear gave way to an appreciation for the irony in this situation. Gradually, he regained the ability to smile, tossed the coin in the air, caught it, and dropped it in his pocket..The sirens shrieked so loud that he felt a sympathetic vibration in his dental fillings, and with

a sharp cry of brakes, a great red truck turned the corner, at once followed by a second. When she closed the front door and turned away from it, Agnes bumped her swollen belly into Joey. His eyebrows shot up, and he put his hands on her distended abdomen, as if she were more fragile than a robin's egg and more valuable than one by Faberge. Agnes met them, pulling Grace and Angel to her side. Her eyes were bright with excitement. "Tom, you're a man of faith, even if you've sometimes been troubled in it. Tell me what you make of all this." Eventually, he settled on a mental image of a bowling pin as his "seed." This was a smooth, elegantly shaped object that invited languorous contemplation, but it did not tease his libido. And although Simon would have denied it, would even have joked that a conscience was a liability for an attorney, he possessed a moral compass. When he traveled too far along the wrong trail, that magnetized needle in his soul led him back from the land of the lost. Outside, he realized he hadn't paid for his juice and waffles. When he turned back to the coffee shop, he saw, through one of the windows, an associate of Salk's picking up the check from his table. could spring the new deadbolts as easily as the old. Therefore, on the interior of the front and back doors, Junior added sliding bolts, which couldn't be picked from outside. "I'm captivated more by painting than I am by most dimensional work," Junior explained. "Really, the only sculpture I've acquired is Poriferan's." He followed an alleyway to the building's service entrance, for which he possessed a key that wasn't provided to other tenants. He unlocked the steel door and stepped into a small, dimly lighted receiving room with gray walls and a speckled blue linoleum floor. Still seeking some missing fact, some insight that would help him understand the maniac's Bartholomew obsession, Tom asked more questions until Celestina suddenly realized and revealed what might be the information that he sought: Cain's perverse insistence on playing the reverend's taped rough draft of "This Momentous Day" throughout his long assault on her sister. "Tom, a couple minutes ago," Agnes said, "Celestina mentioned your . . . 'certain awareness.' Which is what exactly?" When Paul arrived with a Christmas gift, Perri was abed, wearing Chinese-red pajamas, reading Jane Austen. A clever contraption of leather straps, pulleys, and counterweights assisted her in moving her right arm more fluidly than would otherwise have been possible. A lap stand held the book, but she could not tamper with the pages. When Victoria failed to answer the door, this man would not simply go away. He had been invited. He was expected. Lights were on in the house. The lack of a response to his knock would be taken as a sign that something was amiss. "It's all the same. Cars, trains, ships, all the same," Jacob insisted. "You remember the Toya Maru? Japanese ferry capsized back in September '54. Eleven hundred sixty-eight people dead. Or worse, in '48, off Manchuria, God almighty, the boiler exploded on a Chinese merchant ship, six thousand died. Six thousand on a single ship!" Knickknacks and mementos were not to be found anywhere in the house. And until now Junior had seen nothing hanging on the barren walls except a calendar in the kitchen. When he dared to look in the mirror above the sink, he expected to see a haggard face, sunken eyes, but the grim experience had left no visible mark. He quickly combed his hair. Indeed, he looked so fine that women would as usual caress him with their yearning gazes when he made his way back through the gallery. Victoria Bressler lay on the floor of the small foyer, left arm extended past her head, palm revealed, as though she were waving at the ceiling, right arm across her body in such a way that her hand cupped her left breast. One leg was extended straight, the other knee drawn up almost demurely. If she had been nude, lying against a backdrop of rumpled sheets or autumn leaves, or meadow grass, she would have had the perfect posture for a Playboy centerfold. Because drugs foil all efforts at self-improvement, Junior had no use for the cocaine and acid. He didn't dare sell them to recover his money; even five thousand dollars wasn't worth risking arrest. Instead, he gave the pharmaceuticals to a group of young boys playing basketball in a schoolyard, and wished them a Merry Christmas. The twenty-fourth of December began with rain, but the storm moved south soon after dawn. Sunshine tinselled the city, and the streets filled with last-minute holiday shoppers. The afternoon was winding down, and the lowering sky seemed to be drawn steadily toward the earth by threads of gray light that reeled westward, ever faster, over the horizon's spool. The air smelled like rain waiting to happen. Focus. Prepare to kill Bartholomew and anyone who tries to protect Bartholomew on January 12. Prepare for all contingencies. With his mother, his uncles, and Maria hovering just two steps behind, Barty followed the driveway, not bothering with the cane, keeping his right foot on the concrete, his left foot on the grass, until he came to a jog in the pavement, which apparently he'd been seeking. He stopped, facing due north, considered for a moment, and then pointed due west: "The oak tree's over there." An alley opened on Junior's left. He stepped out of the crowd, into this narrow service way shaded by tall buildings, and walked even more briskly, still not quite running because he continued to believe that he possessed the unshakable calm and self-control of a highly self-improved man. He had sworn this vow before. An argument could be made that he had broken it. Celestina checked her wristwatch and saw that she was running late. With Angel's short legs and layers of red, there was no point in trying to hurry. Although Neddy had flushed to a rich primrose-pink, Junior still held his hand, crowding him, lowering his face even closer to the musician's. "If you vouched for a teacher, I'd feel confident that I was in good hands, but I'd still much rather learn from you, Neddy. I really wish you would reconsider." His in-laws' chances of receiving compensation for their pain and suffering over Naomi's death were seriously compromised if her husband did not hold the state or county responsible. In this, as in nothing previously, they felt the need to stand united as a family. FOR AMERICANS OF Chinese descent-and San Francisco has a large Chinese population-1965 was the Year of the Snake. For Junior Cain, it was the Year of the Gun, though it didn't start out that way. Even though the detective was on the wrong track, Junior was beginning to feel aggrieved. As any good citizen, he was willing, even eager to cooperate with responsible policemen who conducted their investigation by the book. This Thomas Vanadium, however, in spite of his monotonous voice and drab appearance, gave off the vibes of a fanatic. He raised the window in the kitchen and climbed outside, onto the landing of the fire escape. Feeling like a high-roaming cousin to the Phantom of the Opera, bearing the requisite fearsome scars if not the unrequited love for a soprano, Vanadium descended through the foggy night, down two flights of the switchback iron stairs to the kitchen at Cain's apartment. Clutching the purse as though determined to resist robbery even in death, the guy dropped, sprawled, shuddered, and lay still. He'd gone down with no shout of alarm, with no cry of mortal pain, with so little noise that Junior wanted to kiss him, except that he didn't kiss men, alive or dead, although a man dressed as a woman had once tricked him, and though a dead pianist had once given him a lick in the dark. "I really am sorry about this," Junior said, regretting the necessity to deny her the right to look good at her own funeral, "but it's got to appear to be a crime of passion." wickedly sharp silver scimitar suspended by a filament more fragile than a human hair. In the kitchen, he sat her in a chair and let her slump forward over the breakfast table. With her arms folded, with her head on her arms and turned to one side, she appeared to be resting.
